It is a Mistake To try to cure catarrh by using local applications. Catarrh is not z local but a constitutional disease. It is not a disease of the man's nose, but of the man. Therefore, to effect a cure, requires a constitutional remedy like Hood's Sarsaparilla, which, acting through the blood, reaches every part of the system, expelling the taint which causes the disease, and imparting health.

WHAT A REPORTER SAW AT THE KAOLIN MINES.

An invistation from Mr. H. N. Obear the genial and efficient secretary and treasurer of the South Carelina Mining and Manufacturing Company, to accompany him on his weekly official visit to killians, where the extensive works of the company are lecated, furnished us an opportunity to gratify a desire we had to see something of this new enterprise. The railroad schedule permitted us to leave town at 4 o'clock p. m., spend five hours at Killians and reach home by midnight.

It will be remembered that some time last spring vast deposits of the purest Kaolin were discovered stretching across the upper section of Richland County from Killians to the Wateree river. This find was made by Mr. J. C. Mummert, a practical miner from Lebanon, Pennsylvania, who DEATH OF MR. JNO. A. BRICE.-Mr. was engaged in prospecting in this

facture of pettery. The purest kaolin

is interesting to note how nature has preserved for the use of man this bed of valuable clay at Killians. The iron exide which usually mixes with the clay and renders it useless for manufacturing purposes has formed, at Killians, a roof over the Kaolin bed not mixed with it at all but serving as a protection against washing rains.

In addition to the kaolin deposits there are beds of the finest fire brick clay which is very valuable on account poses and are very expensive, costing for some grades as much as \$500 s

Where a few months ago, in their solitude, stood the long leaf pines towering majestically over the scrubby oaks and sighing wearily as the gentle zephyrs played among them now may be seen the extensive buildings of the S. C. M. & M. Co. Next to the railroad track is the sterage shed 110 ft. by 40 ft. and just behind it is the factory 80 ft. by 40 ft. Besides these are the drying shed, 200 ft. by 30ft. with eight alleys and the washing house sixty feet square. The washing house is where the kaolin is washed and while in suspension is carried through purest settling in the last vat. The water is furnished by one of Gould's into a tank with a capacity of 25000

In the factory house is operated the ducted by Mr. Mummert, a number of houses are built on streets and give the place quite z vallage look. A handsome residence is being erected

Friday night, who notified the owner evenly divided between Haskell and Having spent the evening inspecting the works and learning a good deal of the goods. The articles recovered Tillman.

Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

5-261x1y

Is a constitutional and not a local disease. and therefore it cannot be cured by local

applications. It requires a constitutional remedy like Hood's Sarsaparilla which, working through the biood, eradicates the impurity winch causes and promotes the ease, and effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparala as a remedy for catarrh when other preparations had failed.

"I will say I have been troubled for several years with that terribly disagreeable disease, catarrh. I took Hood's Sarsaparilla with the very best results. It cured me of that continual dropping in my throat, and stuffed up feeling. It has also helped my mother, who has taken it for run down state of health and kidney trouble." MRs. S. D. HEATH, Putnam, Conn.

"I have used Hood's Sarsaparilla for catarrh with very satisfactory results. I have received more permanent benefit from it than from any other remedy I have ever tried." M. E. BRAD, of A. Read & Son, Wauseon, O.
